

Designed as a double-sided table top frame, Podia is the simple, cost-effective solution for menus, specials and promotional events. Create your message in a two column format, fold the paper and insert it into the Podia tabletop display. No special tools or software required.

- Fits standard 8.5" x 11" paper printed directly from your computer's printer.
- Curved capsule gives the presentation a contemporary 3-dimensional appearance.
- Snap-on base attaches easily and includes flat areas on both sides for optional logo or label applications.
- Overall dimensions 12"h x 4.5"w work well vertically and horizontally.
- Standard dark grey base.
- Custom base colors and pad printing available.

Now, even stronger! Podia Strength Testing Videos

Printing Inserts for Podia

No graphic experience needed for creating Podia inserts. ANYONE can do it. Designed for the digital age and a standard 8.5" x 11" piece of paper, inserts are easily laid out in Microsoft® Word and can include logo, photos, specific fonts, etc.. - whatever you need to promote your restaurant and message! Step by step instructions are available on our website at **www.4podia.com**.

Also available are **FREE** Podia insert templates you can download from our website. Options include a variety of images for both vertical and horizontal applications and basic formatting instructions. Not only are the templates free - but also easy to use.

Care and Cleaning

The scratch resistant polycarbonate capsule should be cleaned with a soft cloth and a mild cleanser or any cleaning product suitable for plastics.
